## Survey Says

When you hear that phrase, some of you may think about Richard Dawson and the television game show *Family Feud*. I used to watch the show occasionally over the years (although I liked him better on *Hogan's Heroes*). Richard Dawson passed away recently, so in the spirit of *Family Feud*...

Name the top ten things someone would be surprised to learn about Winnipeg Public Library:

1. There are over **300 computers** that can be booked by library users.
2. In order to meet the needs of its diverse community the library has both adult and children's books in **over 30 languages**.
3. The library has **DVD and Blu-ray collections** at all twenty locations. With the closure of Rogers Video and Blockbuster the library has one of the largest film collections in Winnipeg. It also has a great French collection at the St. Boniface Library!
4. Over 5,800 children and youth participated in the library's **Summer Reading program** last year, and there is always room for more.
5. The library offers **free Wi-Fi** at all twenty locations.
6. Select locations provide **tutorial rooms** for learners to use free of charge.
7. The library **checked out over 5.4 million items** last year. EBooks accounted for 116,000 of those items -- a 200% increase over the previous year.
8. The library provides access to over **17,000 eBooks** that can be downloaded to a number of personal devices free of charge
9. The **online database Freegal** allows library users to download music from

**"The online database Freegal allows library users to download music from over 450,000 songs in the Sony catalogue and 12,000 other music lists."**

over 450,000 songs in the Sony catalogue and 12,000 other music lists.

10. The Library offers a **Writer-in-Residence** program to assist budding authors and has done so for over 20 years!

These are just a few of the many innovative services that the Winnipeg Public Library offers to its users. So the next time you are talking to a friend, neighbour, colleague or relative who hasn't been in lately, let them know what they are missing and encourage them to sign up for a library card. They'll be glad they did.

Oh, and one more thing the survey says: The Winnipeg Public Library is a great place to stock up on reading material before you head off to the beach or cottage. Have a great summer!

## Renovations and Renewals

**St. Boniface Library** underwent a small renovation to provide a new accessible entrance to its second floor, where the collections, information services and program room reside. This new entrance to the library is from the building's main floor elevators - the current main lobby entrance remains. A self-checkout is also being installed for convenient checkout from this new second floor entrance. A new main floor service desk and new carpeting on the main floor is planned for the early fall.

**Fort Garry Library** is gearing up for a major overhaul this summer. The Library will be getting a new roof and new windows and the interior will be completely refreshed. The newly redesigned library will feature an improved program room, a self-checkout and new furniture and accessible shelving. The library is expected to be closed for up to 5 months to complete the work. Programs that normally would have been held at Fort Garry Library will be temporarily moved to Pembina Trail Library. Watch for announcements as to the closure date on our website, Facebook, and Twitter. Or, call the library for updates.

**River Heights Library** will also have a small renovation to replace flooring. There will also be upgrades and improvements made to electrical wiring and computer stations. The renovations will require a closure of approximately 2 weeks. Announcements as to the closure dates will be made when they are finalized.

Millennium Library Park

The Millennium Library Park has undergone a drastic transformation over the last 2 years. The Park is now open and watch for events this summer to celebrate and launch this multi-use greenspace. The Park features an urban wetland with two beautiful chrome windmills aerating the flowing water. Trees, prairie grasses and shrubs have all been laid in place, as well as the last of the sod, finishing off a gorgeous communal amphitheatre. There are many places to simply sit and enjoy the sunshine in this literary haven. The Park is also a public art space with *emptyful* by artist **Bill Pechet**, dominating the west side with mist and coloured lights at night and striking a bold outline against the blue sky by day. On the south end of the park is *Sentinel of Truth* by artist **Darren Stebeleski**, a wall of weathering steel of text pulled from fiction, poetry and nonfiction. Both pieces were created through the Winnipeg Arts Council's Public Art Program.

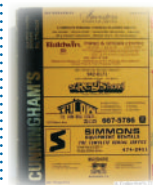

There are also plans for a new seasonal entrance from the library's New & Noted area for easy access during special events. And the vibrant Pattison Reading Garden also returns as a popular spot for library users to enjoy their reading and as a venue for library programs and events.

To see more, visit our Readers' Salon blog at [winnipegpublibrary.wordpress.com](http://winnipegpublibrary.wordpress.com) for the posting "Sunny New Library Park" (or follow the link from [winnipeg.ca/library](http://winnipeg.ca/library)). ## Henderson Directories Digitization Project

Winnipeg Public Library is excited to announce a partnership with Peel's Prairie Provinces, a site that provides scholars, students and researchers with information on western Canadian history and the culture of the Canadian Prairies ([peel.library.ualberta.ca/index.html](http://peel.library.ualberta.ca/index.html)). Peel will be digitizing over sixty of our older Henderson directories to ensure that we have access to these materials for many years to come! These directories are a rich resource for local history and genealogy researchers. Many of the older Henderson directories are in poor condition and having them digitized ensures that we preserve them for future access. As well, once these directories are digitized you can access them from any library, and from home.

As this project will take some months to complete and the directories will be digitized off-site, you may occasionally find that the volumes you're looking for are temporarily unavailable. We apologize for this inconvenience but know that the end result will be worth it!

### JULY: Barbara Kaminsky and Marie Sumner

Barbara Kaminsky and Marie Sumner started their artistic lives together when they both joined an art group in rural Manitoba. From there they have evolved down two different paths with Barbara favouring acrylic paints and Marie watercolor. Their artwork has received numerous awards in juried art shows.

### AUGUST: Ralph A. Croning: A Photographer's Journey

In 1965, several continents away, Ralph Croning received a DIANA cam-

era for his 5th birthday and it started a lifelong love affair with photography. In 1988, he relocated to Canada and continued to photograph his favourite subject, Mother Nature. He has experimented with imaging in near-infrared light, a part of the spectrum we cannot see, showing nature in a different light. Recently he began dabbling in abstract and special effects photography, all captured with camera alone. This is **Ralph A. Croning's** first photographic art exhibition.

The installation will include activity stations featuring symbols, shapes, textures, facts, images, and language, to help cognitive and linguistic skill development.

## 2012 Language & Literacy Grant Awards

The Winnipeg Public Library Board is pleased to announce the awards of \$1,500 Community Outreach Language & Literacy grants to Henry G. Izatt Middle School working with Fort Garry Library on the *Encouraging Reluctant Readers with Graphic Novels* project and John M. King School working with the West End Library on the *Imagination Library* project to impact pre-school literacy.

Since 2006, the Community Outreach Committee of the Winnipeg Public Library Board provides funding for community groups to assist in developing language and literacy projects in partnership with one or more Winnipeg Public Library branches.

*Encouraging Reluctant Readers with Graphic Novels* is an exciting project that will impact students from Grades 6 - 8 identified as reluctant readers by creating a school book club and involving an artist to teach about the process behind graphic novels. Participants will learn more about the resources of the Fort Garry Library (magazines, books, music, online resources, etc.) as well and use new graphic novel book club kits being created by the library. The project will encourage students to become critical readers as they enter Junior and Senior High schools.

The *Imagination Library* is an Early Years Literacy Intervention project that is a creative coordination of school, community and public library programs. The project will impact children under the age of five in the John M. King School catchment area by offering a monthly book in the mail and early literacy programming for children and their families. The *Imagination Library* program is established in other communities in North America, including Dauphin, MB. The *Imagination Library* shows that a community that values literacy can make a significant impact on learning.

## Requests

Can't find what you're looking for? Request the item you want and have it sent to the library of your choice.

A request puts you on a waiting list for an item not currently available, or available at another branch. Choose to be notified either by phone or email when your request is ready for pick-up. Note: a fee is charged for requested items not picked up.

You may place up to **35 requests** at any given time. Requests cannot be placed on Reference, Canadiana, Local History Room items, Express Bestsellers, Magazines and Preschool Packs.

The cardholder agrees to be responsible for all materials borrowed and all Internet and computer use, and to abide by the rules and regulations of Winnipeg Public Library. If the cardholder is under 18 years of age, the parent or guardian is responsible for all materials borrowed. Winnipeg Public Library shall not be held liable for any damage to audio, video or computer equipment or software resulting from the use of library materials.

## How to Get a Library Card

**Library cards are free** if you live or pay property or business taxes in the City of Winnipeg.

**Adults:** Fill out an application at any library and provide a piece of acceptable identification. For more information on acceptable identification, see our staff or website. Your card is valid for three years. No I.D.? No problem. Ask for a limited card — up to 2 items can be borrowed at a time.

**Under 18 years of age:** Children and young adults require a parent or guardian to sign their application and show acceptable identification. Limited cards are also available — up to 2 items can be borrowed at a time.

**Non-residents of Winnipeg:** Non-residents can obtain library cards for \$133 per family. Check with your rural municipality, as they may reimburse all or a portion of this fee.

**Visitors:** A visitor membership can be purchased for \$52.80; it is valid for three months for one person. Check with our staff for eligibility requirements.

**Lost cards:** Report lost, stolen or damaged cards to the library immediately. All items taken out on your card are your responsibility until the card is reported missing. The replacement fee is \$4.05.

**Corporate cards:** Submit a signed letter from the director of your organization on official letterhead requesting a corporate membership in the name of the organization, and naming a contact person who will be responsible for the card. Mail, fax, email or bring the letter to any branch.

## Pay your fines and fees online.

We accept payments using MasterCard and VISA, and American Express at [winnipeg.ca/library](http://winnipeg.ca/library). Use the 'Pay Online' option under the 'My Account' tab.
